For Teresa Rola

Hello Teresa, how are you? Damn bitch, damn Teresa, damn you. Damn your father, damn your mother, damn your brother, damn your sister and damn your children. I'm going to kill you. I live for that, to kill you, but first I want to kill your family over at Dominican Republic, so you can suffer a lot before I kill you. I'm going to kill you where ever you go, there is a lot to wait. But there is less for your death and of your family over at Dominican Republic. Maybe you forgot that I was born in the Dominican Republic. I'm from Moca, born and raised. Don't forget it, if we robbed you it was because someone very closed to you, sent us. Very closed to you, someone who knows you from your neighborhood in the Dominican Republic and over here in New York, so you know already. I know where you and your family are from in the Dominican Republic. I fell sorry damn you. Guest that first I'm going to tied you up like the other time, after I'll cut off one arm then a leg so you can suffer and afterwards what had to be expected, I'll cut your head off. Teresa you know who I am. I'm the guy that you and your boyfriend accused in court, you know very well who I am. I think of you everyday. Of the three guys that robbed you I'm the only one in prison, paying for all three. You know why you haven't been killed, because I'm in prison and if they kill you the police will know I was the one who had you killed. And they will come afterwards and investigate we are not stupid. My cousin wasn't at the robbery but he knows you. If it was up to him you would have been dead a long time ago. He always wants we to give him permission. You know who's my cousin, he's the owner of a drug point in Manhattan and another one in the Bronx. He has hit men that work for him. Teresa my cousin has found out everything in regards to your family and he knows each and one of your steps. He's going to have you killed. I already told you who's my cousin.

Your boyfriend is also present, he also is going to get and your cousin the guy from the grocery store, no one will save him. We know everything about you all, it doesn't cost my cousin a thing to have him killed. Die soon Teresa, you will die soon bitch.
